

SABIE GAME PARK PACKING LIST

There are many options of what to pack for a safari and this KIT LIST will serve to remind you of what you may require during a safari.

TRAVELLING

Wear some practical comfortable clothing for the long journey that you can also use while on Safari. If you are flying make sure that the clothing is not tight especially around the waist. We recommend slip-on-shoes are very handy at the security checks where they want to screen your shoes.

SAFARI CLOTHES

Also recommend are the following: Olive green longs or dark coloured jeans, tan or dark shirt, comfortable shoes (trail running shoes in a neutral colour), comfortable underwear, socks, handkerchief, cheap watch, pocket wallet and ball cap. A warm jacket can be handy for storing documents from your ticket and wallet if necessary.
